The St James College Annual Fundraiser

‘WALK FOR JUSTICE’
will be held on Friday 12 August

This year, as with previous years, the school is raising money to support a number of communities in East Timor, along with the school of Saint Bakhita Girls College in Malawi.

Students will walk around the city (approximately 10 km) – the distance many students in these developing nations would walk to and from school each day – as a symbolic gesture to show support for those with whom the school has built a long-term relationship across the globe. The money raised through this fundraising activity is vital in the ongoing work of these places is an important step in our students walking in solidarity with those living on the margins in our world.

It is expected that each student in the school fundraises $20 in the hope that as a school community, we will raise $8000. All money raised should be given to Yolanda at Student Services.
